ADOPTS SERUM CURE.

Vermont State Board of Health Favors It for Pneumonia.

Burlington, Nov. 17.—A recently devised treatment for the cure of pneumonia, improved "pneumococcus serum," has been adopted by the Vermont state board of health, it was learned yesterday. The

new cure for the dread disease has been worked out to a successful conclusion at the Rockefeller institute in New York City.

Pneumonia, which is now recognized throughout the country as a contagious disease which is not decreasing, has been studied more of late than ever before, and as a result of the arduous work by medical men, successful results have been obtained by administering serum of a certain type in the veins of the persons afflicted with the disease.

The disease is now divided into four types, according to the germ producing each, type 1 being responsible for 33 per cent of the whole number of cases with a mortality of 25 per cent; type 2, 33 per cent with a mortality of 32 per cent; type 3, for 14 per cent, with a mortality of 45 per cent, and type 4 for 24 per cent, with a mortality of 16 per cent.

It is type 1 that can now be halted in its ruthless course by the administration of the acute serum in proper time and in sufficiently large amounts. The cost of a single dose of the medicine is \$5, and in certain cases as many as four doses may be administered before the ravages of the disease are arrested.

The Washington grange, whose members are affiliated in the work of the Barre Red Cross, has contributed \$25 to further the endeavors of the society in this section of Vermont. The Meadow Brook Golf club has definitely decided to reserve the eve of Thanksgiving for its annual jollification and to the end that the get-together may measure up to the standard of past affairs a committee is arranging for a banquet. A banquet is to be one of the features of the gathering and there will be dancing and the presentation of trophies won by the golfers in several tournament events conducted on the club course during the past season.

Another run on sugar followed the arrival in town this morning of two barrels of granulated and loaf sweetening, the consignment being divided equally between two dealers. One of the dealers to whom fell the granulated sugar, sold it all at 10 cents per pound, dividing it among customers in one-pound lots. The other dealer had to pay more for his lump sugar and the retail price was correspondingly higher. Nevertheless the word that sugar had arrived went the rounds with rapidity and before 9 o'clock the grocer had reached the bottom of the barrel.

Among the guests arriving at Hotel Barre last night and this morning were the following people: Mrs. F. R. Sherman of Newport, H. S. Brusco of West Chazy, N. Y., Dr. L. D. More publicity for Barre granite is promised by the compilers of the new edition of the children's encyclopedia, or "The Book of Knowledge," as it is familiarly known. The local headquarters of the national advertising campaign received a request from the publishers of the book for quarry views. An assortment was mailed the publishers for selection, with the result that two of them have been used in the encyclopedia. In a page proof which was returned with the photographs, the two views are shown, occupying a half-page each. The publicity received from this source is traced to the national campaign, which has been prolific of advertising for Barre granite in other quarters.

After having managed the theatre for the past five months, John B. Eames has relinquished his lease of the Playhouse in Montpelier and for the time being will confine his time to the management of the Park theatre in this city, which he founded two years ago. Mr. Eames has intimated to his friends that he may soon be in the service of Uncle Sam, as he expects to enlist in the army. In that event, someone else will take over the management of the Park theatre, although the present manager will retain his interest in the enterprise. Mr. Eames took charge of the Montpelier theatre last June, and has divided his time between the two establishments in Barre and Montpelier. His mother has acted capably as local manager of the Playhouse. It was stated in Montpelier yesterday that the Playhouse will not be closed.

Misses Alice and Emma Darling and Edna Dasher returned this morning from Northfield, where they attended a house party given by the Phi Kappa Delta last evening.

Roscoe P. Lynde, formerly connected with the Barre Savings Bank & Trust Co. and for the last few months treasurer of the Essex Trust Co. at Essex Junction, has been appointed a first lieutenant in the U. S. sanitary corps.

Barre has not reached its quota in subscriptions to the war Y. M. C. A. fund and unless the money comes in faster in the next two days than it has since the big drive of Wednesday, the desired sum will not be in hand when the local committee closes its account Monday night. To-day it was said that no additions had been made since yesterday, when the total was slightly less than \$2,000. Smaller communities have already topped Barre's subscription. The Masonic lodge did its bit to-day by adding \$25, but thus far few fraternal organizations have contributed to this eminently worthy cause. It remains to be said that if there are any persons who were overlooked by the canvassers, subscriptions may be forwarded to any of the captains, to Dr. O. G. Stickney, the chairman, or to Supt. C. H. White, the treasurer. As for those who at first refused to contribute, there is still time to reconsider.

HELD ANNUAL BANQUET.

Granite City Purple Consulate of Odd Ladies.

The Granite City Consulate of the I. O. O. L. M. U. held their annual banquet at the home of Mrs. Nellie Bianchi of Cottage street last evening. Although special attention was paid to the Hoover restrictions, everyone present enjoyed the good things provided for the banquet. The rooms were beautifully decorated with purple and white, the letters of the order, "I. O. O. L. M. U." were arranged on a drapey of white. Dainty place cards of purple and white were used to direct the guests to their seats at the table. After the supper, a special program of musical numbers was enjoyed, the following contributing selections: Miss Mabel Stephen, several Scotch selections on the piano; Miss Elsa Romeo, rendering the "Gay Little Butterfly;" several selections on the violin and piano by the Morrison brothers, while Miss Elizabeth Stephen also contributed several numbers to the program. Miss Stephen also played for the young-odd folks' dance, which was enjoyed very much by those present. Cards were provided for those too old to dance, while the singing of several songs was much enjoyed by the company of Odd Ladies.

Many thanks are due Mrs. Ronco, sister of the hostess, for the able manner in which she assisted and welcomed the guests to her home. During the evening Mrs. Sarah Lake, with a suitable little speech, presented Mrs. Ronco a lovely palm, for which the latter responded in a fitting manner. A very enjoyable evening was ended by the singing of the "Star Spangled Banner," and "Auld Lang Syne."
